ARLINGTON RED CROSS QUOTA SET AT \$16,000

Paul A. Smith, who last year headed the business and industry division of the Red Cross War Fund Drive, has this year accepted the post of chairman of the 1946 Red Cross Fund campaign. Mr. Smith has been a resident of Arlington for ten years, and is associated with the David Buttrick Company. He lives at 50 Florence avenue.

A meeting of leaders for the Red Cross drive was held in Boston Saturday, which Mr. Smith and several of his workers attended. At this time the quota for Arlington was set at \$16,000. "I think the people of Arlington realize that the end of the war has by no means meant an end to the work of the Red Cross for the men and women still in the service, and the veterans, and their families, as well as for all the others whom the Red Cross has always helped," Mr. Smith said in discussing the drive, which begins March 1.

Appropriation for Building Also Asked in Annual Warrant. Planning Board Asks Purchase of Peirce and Winn Property. Other Appropriations for Town Hall Addition, Reclamation Plant, School Site, and Playgrounds. Nine Streets in Warrant.

In one of the fifty-eight articles in the Warrant for the annual Town Meeting, an appropriation is asked for the purchase of land on Broadway to be used as a site for a War Memorial building. The land includes what is known as the Damon property and some of the adjoining properties. It extends from Franklin to Webster street and half way down Webster, taking in three properties on that street. The next Article requests an appropriation for the building. Both were inserted at the request of the committee, appointed to consider the erection of a suitable memorial building for the veterans of World Wars.

The Planning Board has inserted an article to see if the town will secure the purchase, by eminent domain or otherwise, of the Peirce & Winn property on Mystic street "for the purpose of municipal improvement or any other purpose," and will appropriate money to remove the structures now on the land and to grade the land.

Addition to Town Hall
Other appropriations suggested are for an addition to Robbins Memorial Town Hall and for the construction of a reclamation plant.

THE MOST IMPORTANT PEOPLE

The most important people in the world today don't seem important at all. They are the children, important because it is they who will make the world of the future. On them it depends whether that world will be one of happiness, peace and plenty or a warring world of poverty and misery.

Of course we are important, too, because to a large extent we form their ideals and develop their characters. We haven't done too well with the world ourselves but perhaps we can set them on the right path.

It is this work, the work with children, that most needs to be done and it is in this field that there is a great need of workers. There are several organizations whose chief concern is with the development of children into valuable citizens, and they all need leaders.

There are the Boy Scouts, starting tomorrow their celebration of Boy Scout Week, whose slogan is "Scouts of the World—Building Together", and whose World Friendship Fund of voluntary contributions and "Shirts-Off-Our-Backs" project of donating scout uniform parts and equipment to scouts in devastated countries are designed to promote friendship and understanding among boys all over the world. Their work starts with the cubs and continues through senior scouts.

There are the Camp Fire Girls, from Blue Birds through older groups, and the Girl Scouts, from Bownies through girls of High School age.

No more interesting and rewarding work can be conceived than that with these young people. Their leaders have fun with them. If you haven't enthusiasm when you start, you will catch it from them. Did you ever see a Scout or Camp Fire leader who wasn't thoroughly alive and enthusiastic?

Any one of these will welcome you to hours of fun and friendship.

SPEAKING FOR PEDESTRIANS

Pedestrians lead perilous lives nowadays. They must choose between walking in the streets where they run the risk of being knocked down by autos and on icy sidewalks where they are in constant danger of falling, breaking bones and spending weeks or months in a hospital.

Children and adults share these dangers—the children safer perhaps on the sidewalks, since they like to slide, don't mind a tumble and have more pliable bones; the adults safer in the road since they are more apt to remember to walk on the left side and to keep a wary eye out for the auto speeding around the curve. At night, however, for any pedestrian the icy sidewalks are the lesser hazard.

On wet and thawing days while danger to life and limb is sometimes less, there is added a special hazard to clothes. Most of the auto drivers, though they must at times be pedestrians, rush along the wet and slushy roads, going so fast through puddles that the water splashes even over the ramparts of snow on to the sidewalks to the ruin of now-so-hard-to-get stockings. Rare is the motorist who slows down for a puddle or pulls over to avoid splashing a roadside plodder, and more often than not that rara avis is a truck driver.

It is understood that the Public Works Department can't clean the sidewalks and the householders, many of them, don't. After the snow on these uncleaned walks is tramped down, thawed and frozen, a sprinkling of sand helps—there is a little scattered about. Slower driving would help, too, to reduce the chance of accidents.

Pity the poor pedestrians!

Mrs. MacJannet Speaks to Medford H. S. Women's Club

At one of the most interesting meetings of the Medford High School Women's Club at the Hotel Sheraton, the speaker of the evening was Mrs. Donald MacJannet of Pleasant street who, with her husband, is leader of a youth movement in this country for the relief and education of the young people of France. Mrs. MacJannet was delightfully informal, giving many personal experiences which described vividly the courage and valor of the French women of today. They are "carrying on" against tremendous odds and are determined to hold their families together and reconstruct individual business projects of the past despite the loss of husbands and sons; Mrs. MacJannet said that it is the courage of the women of France which will bring the nation through this present crisis.

With other volunteers, the MacJannets open their home in Arlington every Tuesday and give time to the collecting and packing of clothing and supplies for French relief. The speaker appealed directly to her audience for help—donations of clothing, help in packing, or financial aid. The club voted to donate to the Fund; individual members also volunteered to help pack each week.

The evening with Mrs. MacJannet was especially enjoyable to the Medford teachers because of her husband's interest in Medford. He was once a pupil in the high school. At present he is assistant to Dr. Carmichael of Tufts College.

BOY SCOUT NEWS

Troop 86

A very enjoyable Father and Sons' Night was held by Troop 86 at the Peirce School Thursday night of last week, the guest speaker being Rev. David Colwell of the Orthodox Congregational Church. Mr. Colwell made a big hit with the boys as he told of some of his experiences as a Boy Scout, football player and as a chaplain with a tank corps on the battlefields of Europe.

The troop also received a visit from "Ranger Joe" from Camp Sachem, in the person of Scout William Hamilton, assisted by Scouts Robert Irwin, Richard Borg and Scoutmaster Edward Willett, all of Troop 10. In an intricate and hilarious ceremony, Scoutmaster Paul E. Wilson and Troop Committeeman Frank H. Lansing were inducted into the exclusive Camp Sachem Ranger Joe Club, they being selected by the intrepid cowboy as eminent specimens of "before" and "after", respectively.

The enjoyable moving pictures, "The Story of Willow Run" and "A Trip Through Yellowstone Park", were shown by Troop Committeeman Charles Frederick.

District Commissioner Percival E. Richardson then explained the "Shirts-Off-Our-Backs" clothing collection for Scouts in liberated countries, and also the new district troop competition program.

Following the program refreshments of sandwiches, cocoa, ice cream and cake were served by the troop committee and troop officers.

Troop 76

Troop 76 will hold a Valentine party in conjunction with its Parents' Night next Monday evening in the Parmenter School. An interesting program is being planned by the Scouts, with Scout activities, vocal and musical numbers and a skit by the boys. Planning this are: Tom Finn, first aid; Robert Miller, signaling; Edmund Seery, compass; Paul Salisbury, Fred Kranfuss, camping; Frank Franzosa, pack packing; Warren Leslie, entertainment. All parents and friends of the troop are cordially invited to attend.

Librarian's Report Sees Upturn in Reading

"The sharp decline in reading has stopped and an upturn has started," says Mrs. Lucinda F. Spofford, librarian, in her annual report for the Robbins Library. Both the main library desk and the East Branch have shown an upward trend.

The total number of books used in 1945 was 211,272, of which 131,554 were adult and 79,718, juvenile. This is an increase over 1944 with a decided increase in adult non-fiction.

During the year there has been a gain in book stock of 2,921, the total number of books on December 31 having been 72,292.

Services which the library has maintained include the calendar of coming events, and the inter-library loan. The library halls have been used by many organizations, some of which hold regular meetings either at Junior Library Hall or at the Dallen Branch.

The art collection has been made more accessible by adding shelves to the upstairs room where it is now possible to sit at a table and enjoy art books in comfort.

"In planning for the future of the library," says Mrs. Spofford, "new techniques must be used to attract people to the library. Provisions must be made for their use, by the addition of the necessary materials and trained personnel to use them. The devices for visual education should be provided, more music books with the equipment necessary for its enjoyment."

Trustees' Report

The Trustees' Report, submitted by Wilson D. Clark, Jr., chairman, says that during the year the library has worked toward two goals—"The first has been the maintenance of service under war time conditions and the subsequent beginnings of peacetime adjustments. The second has been the completion of plans for post war development."

The report points out that the reduced staff has achieved wonders in serving the public.

It is imperative that a major job on the roof of the main library be done this year, that a change be made in the front door and that adequate light be provided in the stacks and the main reading room. It is pointed out that there is need for adequate library service in the Brackett School section.

"To meet the demands of

1946", the report concludes, "the trustees are asking for the sum of \$43,376 for the running expenses of the library and \$15,375 for capital outlay. Total amount for the year, \$58,751.

The squad practices daily under the supervision of Mr. Buckley at the High School. To date the 9th grade varsity has played two games, being defeated by the Chelsea Junior High School champions, Williams Junior High School, 21-14; and winning from Northeastern Junior High School of Somerville, 18-11.

The five bridal attendants carried bouquets of spring flowers in pastel shades, with matching flowers in their hair.
 The best man was Ralph H. Seabury, Jr., USN, of North Chester, N. H., a brother of the bridegroom, and the ushers included: Charles Styles, USA, of East Lexington, John Styles, USA, of Arlington, brothers of the bride; William Murphy, USA, of Arlington, and Anthony Ramus, USN, of New London, Ct.

MARRIAGE
FIRMIN --- WANNLUND
Wearing a white satin gown, made with a train and seed pearl trimmed, and a finger-tip veil with a Mary Queen of Scots headdress and carrying a colonial bouquet of gardenias, Miss Arlene Audrey Wannlund, the daughter of Mr. and Mrs. Arthur L. Wannlund of 144 Mt. Vernon street, was married last Saturday evening to Robert Firmin, the son of Mr. and Mrs. Arthur Firmin of Pittsburgh, Pa. Rev. Nathan W. Wood performed the double ring service in the First Baptist Church which was decorated with ferns, candelabra and white urns filled with white gladiolas. At the organ Miss Daisy Swadkins played the Wedding Marches. Donald Sullivan sang "Because" and "Dawning." A reception followed in the church parlors. The lovely wedding cake and bride's cake were designed and made by the bride's aunt, Mrs. Edward Wannlund of Belmont.

Given in marriage by her father, the bride had as her maid of honor, Miss Anna Thorsen of Hawthorn, N. J., and as bridesmaids, Mrs. Helen J. Wannlund and Miss Dorothy Peterson. All the attendants wore colonial gowns and carried colonial bouquets; the maid of honor in purple satin, with a bouquet of pale yellow gladiolas and acacia; the bridesmaids in pale yellow satin with bouquets of fuchsia sweet peas and acacia. Their head-dresses were colonial nosegays.

The groom's cousin, William Firmin of Pittsburgh, acted as his best man. Ushering were Wallace P. Wannlund of Arlington and Edward J. Wannlund of Belmont.

The bride, a graduate of Arlington schools, attended the Academie Moderne in Boston. The groom attended Pittsburgh schools. After a wedding trip the couple will live in Pittsburgh.

Vincent Burns Returns To Private Practice
Vincent A. Burns today announced his return to the private practice of law after eight years as an attorney in the Federal Service. His offices are at 681 Massachusetts avenue, Arlington Center.

Mr. Burns recently returned from Washington and purchased a home on Pleasant street, where he resides with his wife and two children. Mrs. Burns is Mary Corbett Burns, the well known ballet teacher.

Mr. Burns took his law at Harvard with the class of '24, after obtaining his A.B. degree from St. Mary's College, Kansas. After law school he assisted in the organization of one of New York's large Title companies. He returned to private practice in 1930. In 1938 he went with the National Labor Relations Board as a trial attorney and while with the Board tried some of their important cases. Among these was the General Motors trial in Detroit, involving that company's 67 plants. Late in 1940 he transferred to the Solicitors Office of the U. S. Department of Labor, from which position he recently resigned.

Mr. Burns' practice will be open to title and real estate law because of his extensive experience along those lines as well as General, Trial, and Administrative Practice.
